A former union organizer and a socialist Flint disdains the Great Man theory of history, where big figures of heroic scope define events, but instead lays claim throughout the entirety of works in the series, that history is the small actions of common men acting in their own self-interest who in the aggregate determine historical forces and force events and responses from those in power, who might lay some claim to being a giant of history-the statesmen and power brokers who dot the I s and cross the T s and add occasional curlicues to the historic march of events-riding the torrent far more often than leading it in Churchillian or Rooseveltian fashion. We will all face situations in our lives that require change or that we need to distance ourselves .
